**Joe Christ  
Jordan Evans  
Sara Dawidian  
Kaitlin Olsen  
Adam Super  
Derya Ulucay**

# Joe Christ

John 'Joe' Christ joined LVSC in 2018 as a relatively new swimmer having moved from Pikes Peak Aquatics where he had started swimming in Jan 2018. He thrived under the direction of multiple coaches and teammates as he made his way from Bronze to Gold 1 to Platinum to National. As a freestyler he has been fortunate enough to qualify and place in numerous events at sectionals, qualify for Winter Juniors in 2022, and was a High School All-American and on the state championship team for the spring 2022 swim season at Palo Verde. Joe looks forward to swimming at the next level and is finalizing a decision between the US Air Force Academy, US Naval Academy and several schools in California and Colorado. He plans to study engineering and hopes to become a pilot.

# Jordan Evans

Jordan is a friend to all, and most will recognize him by his smile or loud, boisterous laugh. He started swimming at the age of four, but it wasn't until he moved to Virginia that his love for the sport began to grow. He joined the neighborhood swim team, the Braemar Blasters, when he was eight. He would go on to break team and county records which still stand today. From competing with the neighborhood team, he soon joined Nation's Capital Swim Team (NCAP). During his time with NCAP, Jordan set team records, was named the second fastest breaststroker in the nation for his age group, and captured two National Age Group (NAG) relay records. After relocating to Vegas in 2020, Jordan joined LVSC and competed on the 2021/2022 State Champion Palo Verde High School Swim Team where he was a three-time state champion. Jordan works just as hard outside the pool and has been named to the College of Southern Nevada Dean's List. While he has decided not to swim at the collegiate level, he will remain busy as he pursues an electrical engineering degree. Jordan is currently narrowing down his college choice.

# Sara Dawidian

Sara has been on LVSC since she was ten. She had to kick for a little while (only two years...) because of severe shoulder pain, but is now back and better than ever, and can't wait to continue swimming D3 in college. She's still deciding on which school to go to, but wherever she ends up, she'd like to study creative writing so she'll never have to go a day without her nose in a book. When she's not reading or in the pool, she has fun playing with her golden retrievers, binge-watching Bluey, and finding new and interesting ways to annoy her siblings. (Right now it's by assailing them with her renditions of Disney songs.) Whatever the future holds, she's looking forward to the next chapter of her story.

# Kaitlin Olsen

Wow 10 years of swimming! Hours upon hours of time in and around the pool! We are so proud of Kaitlin. We are grateful for the swim friends she has made along the way.

We are even more excited to see what the future holds for her! She will be attending the University of Utah in the fall and already has many exciting travel plans!

# Adam Super

Adam Super has been swimming competitively since he was 7 years old and has been a part of the LVSC family since he was 10 years old. Adam will graduate in May from the Adelson School as the class salutatorian where he has attended since kindergarten. He is the varsity boys' team captain for the Adelson swim team where he holds 7 school records. Adam will be attending the University of Arizona where he has been accepted into their honors college, and he will be majoring in molecular and cell biology. We are extremely proud of Adam and all his accomplishments and look forward to seeing him succeed in his next chapter.

# Derya Ulucay

Derya is a passionate and determined triathlete and swimmer who recently moved to the United States from Turkey. As a child, she had a love for sports and tried various activities, including rhythmic gymnastics. It wasn't until high school that she discovered her passion for swimming, running, and biking in Antalya, Turkey. Since moving to the US, Derya has dedicated herself to reaching her athletic goals with the support of LVSC. She is now working towards becoming a Division 1 triathlete and joining the Turkish National Triathlon Team. Along with her love for sports, Derya has a passion for nutrition and the science behind it, and is currently deciding which school to attend next year to pursue her studies in this field. Derya is competing in a triathlon race in San Diego today and therefore she is not present at this special banquet. Keep pushing, Derya!
